## UC San Diego Housing Options for Summer 2021

Unfortunately, our program does not have the financial capacity to provide housing. Due to the COVID-19 pandemic, on-campus summer housing is not offered this summer. Below are some resources to help find off-campus housing options, sublets, roommates seeking roommates, and so forth.

### Off-campus

Below are links to off-campus housing/student commuter services (NOTE: websites may not have been updated and read the disclaimers and be careful when using unofficial websites):

We advise you to take some time to visit and read the information provided on the websites above as they contain a plethora of good information, advice, and tools for finding the right housing option.

Below is a list of some local apartment communities who have expressed interest in housing faculty/students/staff. Some of these companies own/manage multiple locations and not just the ones shown here. We could not provide rent rate information as it could change. For rent rate information, please contact the specific apartment community of interest (*NOTE: contacts may have changed*).
